Janice Fulkerson

MEMORANDUM

DATE: July 24, 2015

RE: 2015 Idaho Nonprofit Excellence Awards

Congratulations!

Each year the Idaho Nonprofit Center organizes and hosts the Idaho Nonprofit Excellence Awards. The awards are designed to recognize the outstanding accomplishments of Idaho's nonprofit community as a whole, and spotlight the enormously important role played by thousands of Idaho's nonprofit organizations individually in our lives.

Nonprofit organizations make outstanding contributions to Idaho's quality of life. The Awards highlight nominated organizations and their services to the community through their defined mission. We believe it is important that sponsors, funders, and donors recognize that your organization has been nominated.

A member, volunteer, or community leader believes in your organization enough to take action by nominating your organization for an excellence award. They recognize your leadership and service as well as quantitative and qualitative measure of excellence.

There are over 5,500 charitable 501c3 organizations in Idaho. The Idaho Nonprofit Center will receive approximately 150 Excellence Awards nominations in 2015. All nominees will be recognized and honored at the Awards Dinner on September 15, 2015.

On behalf of the Board of Directors and the staff of the Idaho Nonprofit Center, Congratulations on your nomination.

Sincerely,

Janice Fulkerson
Executive Director
